

Selva Sreenath S

Web Developer

+91 9746250525 | sreenathselva08@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFILE SUMMARY

Passionate and dedicated Software Engineer with 2+ years of experience in designing, developing, and deploying scalable web applications. Skilled in HTML, CSS, JavaScript, React.js, PHP, Node.js, and MySQL with a strong grasp of unit testing, debugging, API design, and Agile development. Eager to contribute problem-solving skills, clean coding practices, and collaborative mindset to impactful engineering projects. Experienced in monolithic application structures with basic understanding of microservices concepts, CI/CD pipelines, and version control workflows.

SKILLS

Programming Languages	: JavaScript (ES6+), C#, HTML5, CSS3, PHP, SQL
Framework / Libraries	: React.js, Node.js, Express.js
Database	: MySQL, SQL, MongoDB
Testing / Quality	: Unit Testing, Debugging & Troubleshooting, Test Automation Concepts
Development Tools	: Git, GitHub, Vite, cPanel, Figma, Agile/Scrum
Expertise	: Front-End, Debugging, REST API, HTTPS

Cloud & DevOps:

- Completed Microsoft Azure Cloud Computing course
- Understanding of Azure cloud fundamentals (VMs, storage, networking, identity)
- Basic knowledge of CI/CD pipelines and cloud deployments
- Beginner-level Docker & containerization concepts

Software Architecture:

- Basic understanding of monolithic architecture
- Awareness of microservices principles and API-based system communication
- Understanding of REST API design and modular application development

WORK EXPERIENCE

Web Developer - Traicon Events

April 2025 – Present

- Developed features using React.js, JavaScript, PHP, and SQL.
- Wrote and executed unit tests for functionality validation.
- Troubleshot systems and improved performance.
- Managed Git workflows.
- Worked with cPanel and Git-based deployments.
- Designed scalable API integrations.

Junior Web Developer - Traicon Events

Sept 2023 – March 2025

- Built responsive interfaces using HTML, CSS, JavaScript, and React.js.
- Integrated front-end with PHP + MySQL systems.
- Improved UI performance and rendering.
- Handled deployments, hosting, and version control.
- Debugged issues and supported QA.

PROJECTS

Event Calendar | React.js | Node.js | MySQL

[GitHub](#)

- Fully functional event calendar with CRUD features.
- API-driven architecture with optimized rendering
- Modular and scalable component structure

3D Interactive Globe | JavaScript | HTML5 | CSS3

[Hosted Link](#) | [GitHub](#)

- 3D visualization platform for global branch locations
- Custom animations and smooth transitions.
- Performance-focused design.

AI Event ChatBot | JavaScript | HTML5 | CSS3 | Gemini AI

[GitHub](#)

- Integrated Gemini AI for event-focused conversational responses.
- Clean, responsive UI with optimized interaction flow.
- API-based message handling system.

EDUCATION

- | | |
|--|---------------------------|
| • MCA – Master of Computer Applications
Jain University. | 2025 – Present (pursuing) |
| • BCA - Bachelor of Computer Applications
Bengaluru City University. | 2020 - 2023 |
